

**Dear Neighbor,**

Newtown Hook & Ladder Fire Company is comprised of volunteers from all walks of life. From students to corporate leaders and everyone in between. However, it does not take the hard work and sacrifice from our volunteer firemen and women alone. We also need money to cover our expenses. Government funding and grants do not cover all our operational costs.

That is where you come in. Unlike many other Connecticut towns, Newtown does not tax its residents for its fire department services. We count on annual donations from residents and business owners like you. Please help us continue to help you. Day or night, rain or shine, we will be there to respond to your emergency. Please consider sending in your donation today. Donate \$25, \$50, \$75, \$100 or more. One hundred percent of your donation will go directly to Newtown Hook & Ladder Volunteer Fire Co. Any amount will help us save lives and property.

Your generous donation today will not only help us save lives and property around Newtown, it will help us to continue to serve the community. As many of you already know, our firehouse has been in a state of disrepair. We have been working tirelessly to secure a new building to house our company. After many disappointing attempts, we have now secured a piece of property on which to construct a new building. While this is very exciting news for us and the town, it also brings more cost to us as a volunteer fire company. Again, that is where you can help. Your donation of \$25, \$50, \$75, \$100 or more will not only go to cover our day to day operating costs, it will build us a new firehouse.

Look for us in your neighborhood this summer...come out and meet your local members.

**Thank you in advance for your support.**

Sincerely,

*Rick Camejo*

President - Newtown Hook & Ladder Co.

*Ray Corbo*

Chief - Newtown Hook & Ladder Co.

...and from all our dedicated members of Newtown Hook & Ladder...Thanks Again!
